Why Invest In This Fund

Crusader Asset Management's founder, Frank Stadler, has over 30 years of industry experience. Frank is passionate about exploiting perceived inefficiencies in the global capital markets applying a combination of quantitative, qualitative, and macro disciplines to his Canadian dividend strategy. His investment process was conceived and has been refined over several decades using skills developed as diverse, but complimentary capacities including his roles acting as Head, Tactical Asset Allocation & Chair, Asset Mix Committee for one of Canada's largest public sector pension plans, with assets of more than \$50 billion, as Managing Director in Derivatives at CIBC and as Global Head, Derivatives & Structured Products Advisory and Portfolio Manager for Investors Group.

- **Process-driven** - A quantitative / macro top-down combined with fundamental bottom-up investment process, facilitates the need for capital preservation and thematic security selection. He has been defensive with a combination of security selection, cash and option strategies.
- **Tax-preferred Income** - A concentrated and focused portfolio that seeks to own Canadian equity securities with an above-median dividend yield.
- **Alignment of Interests** - The portfolio manager has invested the majority of his life savings in the Fund, convinced that his active management provides the most attractive risk-adjusted rate of return.

Lysander Funds Limited is the investment fund manager of Lysander-Crusader Equity Income Fund (the "Fund"). This document is not an invitation to invest in the Fund and does not constitute a public offering of sale. Purchases in the Fund can only be made through an Investment Professional on the terms in the Fund's offering document by eligible investors. Each purchaser of units in a fund may have statutory or contractual right of action. Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. Please read the prospectus before investing. The indicated rates of return are historical annual compounded total returns including changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any securityholder that would have reduced returns. Mutual funds are not guaranteed or insured, their values change frequently and past performance may not be repeated. ¹Source: TSX © Copyright 2021 TSX Inc.
