Triasima Portfolio Management is a Canadian investment management firm founded by partners André R. Chabot, Scott Collins, and Redouane Khireddine. With a track record since 1998, the firm serves institutional, sub-advisory, and individual clients. It is wholly owned by its employees and directors, and is completely independent from any other company or organization. Triasima is known for its unique Three-Pillar Approach™, a rigorous, yet innovative, investment process that remains consistent under all market conditions.

- **Dynamic Investment Process** - The process brings together fundamental, quantitative and trend analysis in a process of checks and balances, with each pillar reinforcing the other two.
- **Tactical** - The Fund has the ability to raise cash in unfavorable market conditions and the ability to move in and out of world regions/sectors depending on the attractiveness of its three pillar score.
- **Geographic Diversification** - There is no minimum or maximum weighing in geographical distribution or in distribution between emerging and advanced countries, thereby increasing the number of investment opportunities.
